WHAT IS GOING ON AT THE U.S.-MEXICO BORDER?

The Biden Administration is continuing to use a Trump-era policy, Title 42, to rapidly expel adults and families to Haiti, Mexico, Guatemala and other countries, violating their right to seek asylum.

Tens of thousands of Haitians fleeing political instability and the aftermath of natural disasters in Haiti were met with violence and racism from Border Patrol agents.

Haitians are enduring a dangerous journey to get to the border, suffering right violations from Mexican enforcement and security forces.
