Victory: In July 2022, the Supreme Court ruled that the Biden Administration was right to end the "remain in Mexico" policy!

What does this mean?

The case is returning to the lower courts

People are still being returned to Mexico while waiting for their cases

The Biden Administration still needs to officially end "remain in Mexico"
On April 1, 2022, the CDC announced it would no longer uphold the Title 42 policy but it remains in place!

Timeline of Challenges:

**March 2022:** DC Court ends T42 for families

**April 2022:** Senators and Reps introduce bills to extend Title 42

**April 2022:** CDC announces end of Title 42

**May 2022:** Louisiana judge blocks end of Title 42
